

New bungalow sea views from builder in Villajoyosa

Villajoyosa

38.503176365551596, -0.23569107055664065

In one of the finest spots of the Costa Blanca, just 150 meters from Paraíso Beach and Bolnou cove, the Blueviews residential has been developed. A complex designed in a plot with a notable slope, where 6 buildings with 66 houses are distributed with sea views; in short, a great viewpoint to the Mediterranean. 2 and 3 bedroom homes with large terraces, a garden or a solarium. Each house has a large terrace and private garden or solarium. An avant-garde sun protection design allows you to conveniently enjoy an ideal microclimate with privacy. In addition, the houses have two orientations, improving their lighting and ventilation. Excellent features including hot/cold air conditioning through ducts and underfloor heating in the bathrooms, among others. You can also personalise your home with different finishes. All homes include a parking space. Let the breeze and light of the Mediterranean envelop you! The residential complex has 3 pedestrian entrances controlled by intercom and regulated access with a motorised gate for vehicle entry. One of the entrances has an access control booth for a concierge service. There are closed-circuit security cameras inside the residential complex. More than 6,500m² of landscaped areas with palm trees, aromatic plants and indigenous flowers, as well as natural grass. There is a children's area and play area with a wooden house, storytelling area, slide and swings. Outdoor relaxation areas, a reading area equipped with benches, an area for board games such as chess, dominoes, cards, yoga area, social room, gym, paddle tennis court, etc. Communal Wi-Fi network with Internet access in communal areas of the residential complex. This residential complex combines luxury, elegance and exclusivity like few others, with nature and environmental protection. It has been designed in an avant-garde style with straight lines, light colours and very large spaces, seeking to blend in with the environment while respecting the natural beauty that surrounds it. Cala Bolnou is located in front of the residential complex, just 130m away. On both sides there are several other beaches, Playa Paraíso (more than 1,060 metres long and with several beach bars), Playa el Asparalló (next to cliffs of difficult access and with crystal clear waters) and Cala Higuera or "La Caleta".
